

AI AUTORI DI IMMAGINI

ANNUAL

2015

CALL FOR ENTRIES / DEADLINE 19 NOVEMBER 2014

AUTORI DI IMMAGINI invites all image authors worldwide to take part in ANNUAL 2015

Annual is the highest profile and comprehensive Italian publication in the field of the ILLUSTRATED IMAGE in Italy and Europe. **Annual** offers a prestigious showcase for established and emerging Image Authors. **It's the only sector publication in Italy:** organised in categories, it shows how **the image** is a major force in many fields of visual application: in the business world, in the world of education and the world of games.

Annual promotes the best and most valuable works in all areas of illustration as an applied art: from editorial, advertising and institutional images to those used in disciplines such as interior design and architecture; from the images of pop-up books to educational illustration and fantasy games; from cartoons and comics to 3D animations; from street art to body art, and to any possible application of illustration.

The selection procedure is carried out by a judging panel of **industry experts** (two illustrators, two art-directors and one critique) which changes every year. **All entries are judged and selected anonymously.**

Annual provides qualified and professional visibility: for over 10 years the **Annual** is launched at the very first day of opening of the well-known Children's Bookfair in Bologna. During the launch the **Annual** is distributed to a broad range of editors based in Italy and abroad. In addition, from this year the distribution to art directors, advertising, critics, journalists and experts in visual communication will be enhanced.

Successful selection for the **Annual 2015** also means increasing your online presence. Apart from the publication, **Annual** guarantees permanent presence in the online gallery of **AUTORI DI IMMAGINI's** new website: the gallery is accessible worldwide and contains the current and previous editions of the **Annual** in the **Annual's** archive, allowing commissioners, publishers and industry peers to browse work and contact successful artists.

Annual is organised and curated by **AI – Associazione Autori Di Immagini**, the new identity of the **Associazione Illustratori**, which has sustained and promoted the illustrator's profession for over 30 years worldwide, also thanks to the diligent cooperation with the European network (EIF European Illustrators Forum) of which it holds the Presidency.
